PC installs Uzim Ani Thuji

Pema Choling is happy to announce that Ani Thuji has been appointed as the Uzim (Principal) of Pema Choling Shedra. Former Khenpo Sonam said it's time for the anims to take over responsibility for management of the shedra.

Ani Thuji, from Chukha, has been with Pema Choling for 13 years and is among the first group of courageous and determined women who spent many days digging the ground and ramming earth to build Pema Choling Shedra.

Seven Anims Start Three-Year Retreat

A glimpse of 7 nuns who entered 3 years meditation at Ugyen Thechok Choling, Karshong, Trongsa, November 25, 2015

May our anims continue to model a pathway to enlightenment for us all.

Construction Projects

The new classroom blocks (right) will be ready soon. The Bhutanese painting and wall paneling of the interior rooms is yet to be completed. The hall (left) is an integral part of the nunnery required for a variety of purposes which include special teachings, classes, practices and morning assemblies. **The priority for this period is the continued work and completion of the multipurpose hall.** Support from friends and partners of Pema Choling would be greatly appreciated towards this noble initiative.

The women of Pema Choling thank you for your generosity
